# Human Welfare Hearing Delayed

## Likely to Resume During September

Sittings of the Royal Commission investigating the child welfare situation in Alberta were adjourned "sine die" at the initial sitting of the commission in Supreme Court here this morning.

The reason was that two interested parties to the probe have not had time to consult with their clients and witnesses.

Unless the three-man commission should call sittings to hear other charges, it does not appear likely that hearings will recommence before the middle of September.

George H. Steer, KC, Edmonton barrister appearing on behalf of the Alberta IODE and Dr. Charlotte Whitton asked for the adjournment because he has not had opportunity to consult with Dr. Whitton, who is at present ill at Ottawa.

E. L. Harvie, KC, representing the Calgary Herald, said David Stanfield, former Herald writer who conducted a series of articles on welfare conditions, is employed by the federal government and is unable to be present in the near future.

The three-man commission, composed of Chief Justice W. R. Hanson, Chairman, Chief Justice J. W. McDonald, Calgary, and Judge E. B. Fair, Lethbridge, granted an adjournment indefinitely, with the request to consider that hearings be resumed as soon as possible.

## Under Rental Regulations

## To Ease "Hardship" Of Some Landlords

OTTAWA, Aug. 13.—(CP)—The prices board announced today that steps have been taken to provide relief for landlords of tenanted dwellings who are suffering "grievous hardship" because they are prevented by rental regulations from moving into their own homes.

THE RELIEF, to apply to those who became owners of tenanted dwellings up to Dec. 31, 1946, will be provided by commissioners appointed by the prices board at main points in Canada to hear cases of hardship.

Both landlord and tenant will be heard by the commissioners in balancing the merits of each case. The purpose would be served by relieving the hardship of the landlord at the expense of an even greater hardship to the tenant, said the board.

The commissioners will receive petitions from landlords of tenanted dwellings who with their families

## Butter Prices Jump Two Cents

The two-cent increase in butter prices, which went into effect Tuesday morning in all Alberta stores, now puts the price of first grade creamery butter at as high as 60 cents a pound in Edmonton.

The boot is a "result of higher bidding from eastern markets and an increased demand. The lifting of ration restrictions, encouraged buying in larger quantities and a subsequent fear of future shortages resulted in a run on this commodity.

The extra two cents, which goes into effect today, brings butter prices to two-and-one-half times what they were in August 1939.

First grade creamery butter sold at three pounds for 60 cents or about 23 cents a pound. The survey taken Wednesday morning from a number of city stores showed that the price of butter is now selling as high as 60 cents a pound.

One storekeeper, whose price was raised from 37 cents for a pound of first grade creamery butter to 59 cents a pound, said that he is only selling one-half the quantity sold before the increase. He added that many of his customers were complaining about the increase.

Another storekeeper said his supply is still moving, but customers were beginning to complain, and to wonder how long they could be asked to get by with increased prices or groceries, and butter. His first grade creamery butter selling price is 60 cents a pound.

## 150 More Killed In Punjab Riots

NEW DELHI, Aug. 13.—(Reuters)—The death toll in renewed communal rioting in Punjab today might mount to 150 in 24 hours as new reports of violence came from the northern province.

One of the provinces to be partitioned under the Indian Independence Act, the problem is complicated by a strong Islamic element. Punjab's largest casualty figures in Lahore, capital of the Punjab and fifth city of India with a population of 671,680, were 24 killed and 21 injured, mostly Sikhs, Monday 10.

Three were killed, including 6 Hindus and Sikhs. Sixty-three were injured.

## Three Drowned

ST. LOUIS, Mo., Aug. 13.—(AP)—A West, a son of a banker, and two sons, Reginald, seven, and Larry, five, were drowned in a hole while wading and the others went to the boy's assistance.

## Bank Robbed

PICKERING, Ont. Aug. 13.—(CP)—Two gunmen today forced five members of the Canadian Bank of Commerce branch staff here to open a vault and escape in an automobile with a loot estimated at \$11,000. There were no customers in the bank at the time.

## Royal Commission Probing Child Welfare Administration in Alberta Opens Sittings at Court House Here

Key figures in the Royal Commission investigating child welfare conditions in Alberta are shown at the left, as they appeared in Supreme Court this morning at the first hearing of the commission. Top left to right, are John D. Southam, publisher of the Calgary Herald; Mrs. Mary Combs, Building 18, Camp 330, one of two private individuals at this morning's hearing who stated they wished to make submissions; J. C. Mahaffy, KC, Calgary, commission counsel; E. L. Harvie, KC, Calgary barrister, representing the Calgary Herald; below, left to right, are the three judicial representatives who comprise the Royal Commission, Chief Justice McDonald, Calgary, Chief Justice W. R. Hanson, Edmonton, chairman of the commission, Judge E. B. Fair, Lethbridge. Lower left the picture is R. L. Fawcett, clerk of the court.

## No Casualties in West Coast Mishap

## 5,520-Ton Motorship Sunk In Collision With Freighter

VICTORIA, Aug. 13.—(CP)—The 5,520-ton Seattle motorship, Diamond Knot, sliced almost half a way through in a collision with the freighter Penn Victory, sank in the fog-bound strait of Juan de Fuca at 9:50 a.m. today, Royal Canadian Navy officials said.

The Penn Victory, heavily damaged above the waterline, is proceeding under its own power, and is expected to be towed to Seattle by tugboats.

There are no casualties on either ship, and the entire crew of the Diamond Knot is safe, Captain Thomas said.

The Penn Victory, heavily damaged above the waterline, is proceeding under its own power, and is expected to be towed to Seattle by tugboats.

There are no casualties on either ship, and the entire crew of the Diamond Knot is safe, Captain Thomas said.

## New Killings Increase Tension

## Full-Fledged Riots Loom In Jewish-Arab Clashes

By Eliaz Simon

Jerusalem, Aug. 13.—(BUP)—Two more Arabs were killed in renewed Jewish-Arab clashes that threatened to spread into full-fledged riots.

SIX ARABS and two Jews also were injured in the fighting which broke out in the area between the Jewish city of Tel Aviv and the adjacent Arab city of Jaffa.

The two areas were separated by a barbed-wire barrier and extra-ordinary British patrols.

Police believed hoodlums were involved on both sides in today's clashes as well as those in the past.

While doubting that the encounters were politically-inspired, police feared that the disturbances were developing toward major rioting similar to the bloody Arab-Jewish conflicts between 1936 and 1939.

ARMORED CARS and helmeted soldiers were five up on the U.S. Walker Cup player after nine holes and then again just before the match.

Pidlaski squared the match at the 18th. At the last extra hole Riegel's drive was to the left in a tight rough and Pidlaski was in the hole.

## Other Restrictions Announced

## Ban Alberta Shooting Of Upland Game Birds

Alberta hunters will not be permitted the shooting of any upland game birds in the province this fall according to new game regulations passed by the provincial cabinet, it was announced at the Legislative Buildings, Wednesday.

ALONG WITH THE prohibition on the shooting of prairie chickens, quail, geese, rails, coots and Wilson snipe.

The season for shooting migratory birds ends on Sept. 11, the first day of the fall season.

Shooting of pheasants will be permitted in a sharply restricted area in southern Alberta for a two week period.

Five geese, seven ducks, 10 rails and coots and five Wilson snipe in the daily bag limit, while hunters may shoot 20 geese, 30 ducks, 10 rails and coots and 50 Wilson snipe during the entire season.

FURTHER regulations set the number of migratory birds which one person is to possess, as follows: 15 geese, 14 ducks, 40 rails and coots and 20 Wilson snipe.

Game bird license fee for residents is \$2.50 and for non-residents is \$5.00. For residents outside of Canada the fee is \$10.00.

## Reports Good Year For Forest Fires

Alberta has had a very good season up to the present so far as forest fires are concerned, T. B. Blegen, director of forestry said Wednesday.

"We still have a fire hazard of course," he said, "but I'm knocking on wood that this present mild weather will continue. A few dry days would put us into danger again."

He urged that settlers and campers continue to exercise utmost caution with fires.

## Sign Trade Pact

BERLIN, Aug. 13.—(AP)—Negotiators representing the British and United States occupation zone of Germany have signed a long-range \$100,000,000 trade pact with Yugoslavia designed to build up the economy of western Germany and implement the Yugoslav plan, it was announced last night.

## Claim Jew Terrorists Trained by Russian

LONDON, Aug. 13.—(CP)—A Conservative member of the House of Commons charged last night that Palestine terrorists were being trained in North Caucasus by "a senior Soviet officer."

MAJ. T. V. H. BEAMISH told the Commons during a debate on Palestine that his information came from a document which he declined to name, and added: "I understand from this document that in a place in Northern Caucasus there are several hundred—I believe as many as 600 or 700—Kurdish and Jewish terrorists undergoing an intensive course in terrorist activities which includes political training."

Beamish said he had no means of checking the accuracy of his information but if it were true it would be a perfectly logical outcome of the present foreign policy of the Soviet Union "which is designed to embrace Britain at every turn."

Richard Crossman, Labor member, scoffed, saying the men responsible for the current terrorism in Palestine had been trained for sabotage by the British army during the war.

EARLIER, Colonial Secretary Crech Jones said that Jews had "condoned" both the recent violence in Palestine and illegal immigration into the strife-torn Holy Land.

Crech Jones warned that British authorities in Palestine will not flinch from any measures calculated to destroy Jewish terrorism or to bring to justice those responsible for the "hideous crimes" committed in that country.

He attributed terrorism to "a relatively small and well-trained body of misguided criminals who operate under the cover of the Jewish community in general."

**Name Lt.-Governor For Nova Scotia**

OTTAWA, Aug. 13.—(CP)—Prime Minister Mackenzie King announced last night the appointment of John Alexander Douglas MacCurdy of Baddeck, N.S., as lieutenant-governor of Nova Scotia, succeeding Lt.-Col. T. T. Kendall, whose resignation has been accepted. Mr. MacCurdy, 61, is distinguished as Canada's first flier, having made the first airplane flight in the Maritimes on Feb. 22, 1910, at Baddeck, N.S. He has long been connected with the aircraft industry and during the war served as assistant director general of aircraft production at Ottawa and supervisor of purchasing and assistant director general of the aircraft production branch of the department of munitions and supply. He now is president of Montreal Aircraft Industries, Ltd., Montreal.

**Grease for Actor Devoured by Bear**

BANFF, Aug. 13.—(CP)—Food costs may be high all over these days but one black bear wandering around Banff doesn't know just how expensive his latest meal was. The bear devoured a 10-pound tin of axle-grease without thinking twice about it. He didn't know that the grease was to have been used on film star James Craig as a protective coat against the icy-waters of the Bow River. And while the Eagle-Lion Company filming "Northwest Stampede" rushed around trying to find a substitute, the bear who had killed off production was halted until someone thought of using lard.

**Won't Safeguard UNRRA Personnel**

HANKING, Aug. 13.—(AP)—The official Central News Agency said last night the government has rejected a request by UNRRA that China guarantee the safety of personnel engaged in delivering relief supplies to Communist-held areas. UNRRA July 27 halted all deliveries to both Communist and government areas of North China, saying Hankow to agree to safe conduct proposals.

## Canadian Money Scarce in States

NEW YORK, Aug. 13.—(AP)—Record-breaking tourist traffic to Canada is mopping up the small available supply of Dominion money in the United States, a survey of bankers disclosed yesterday.

Border banks are feeling the pinch as well as the big banks in New York City.

A large Canadian bank in New York said it would be difficult to fill an order for \$1,000 in Canadian money. A commercial bank, one of the largest in the world, said it might be able to go as high as \$4,000.

Detroit banks reported a scarcity has existed more than a year. Tourists want to convert their United States dollars into Canadian dollars before they get to the border for the simple reason that they can get a bargain.

One banker, asked for an explanation of the scarcity of actual currency, said: "It's a one-way traffic. Heavy tourist demand is cleaning up all the money in sight and there is no source from which to replenish the supply in this country."

Source of the oil has never been determined. It was thought at first that it was leaking from a pipeline or a nearby refinery, but checks have indicated that none has been lost.

**"Headless Valley" Syndicate Formed**

MEDICINE HAT, Alta., Aug. 13.—(CP)—The lure of placer gold mining in the legendary "Headless Valley" of the Nahanni in Northwest Territories is gripping this community where the claimed formation of an exploratory syndicate headed by George Hendrickson, a Calgary prospector. At least three young local men are known to be interested in the prospect. Roy Peterson, Fred Hownslow and Claude Diehl. It is understood each has put up \$500 for an interest in the mining group and are supposed to leave before the end of August for the adventurous trip. News of the proposed expedition came to light when Peterson applied at the local Royal Canadian Mounted Police detachment office for a gun permit.

**Knights Templar Honor City Man**

SAINT JOHN, N.B., Aug. 13.—(CP)—Dr. B. S. Bailey of Winnipeg became Supreme Grand Master of the Sovereign Great Priory of Canada, (Knights Templar) as the religious and military order concluded its 64th annual assembly here Tuesday. He succeeded James Stanley Hoyt, Saint John, who completed a two-year term. Other officers elected and installed included: Lerne Johnson, Regina, grand treasurer, and J. D. Davies, Winnipeg, grand constable.

The grand council includes C. H. Junger, Victoria; C. H. Minchin, Calgary; and W. M. Boyd, Winnipeg. The order of Knight Commander of the Temple was presented upon Archbishop West, Edmonton.

**Two Die as Car Slams Into Truck**

NEW WESTMINSTER, B.C., Aug. 13.—(CP)—Viola Smith, 19, and Maurice Grandmalin, 32, both of Vancouver, were killed here Sunday when the automobile in which they were riding collided with the rear of a stalled truck. Police said the force of the impact was centered on the side of the car on which they were sitting, leaving driver Jack Davy and his wife uninjured. No date has yet been set for an inquest.

**Storks Killed**

PARIS, Aug. 13. (Reuters).—Several storks were killed while flying in a violent hailstorm which severely lashed vineyards near Perpignan, southern France, last night.

The linnet, a small bird resembling a finch, gets its name partly because of its partially to flax seeds.

**I Saw Today**

Charles E. Garnett entering the offices of the Edmonton Chamber of Commerce; Mrs. Helene Hance, Mrs. Emily O'Neill and Mrs. H. G. Finch in their gardens in West Jasper Place, H. D. (Dove) Kimball stopping for a spot of tea with a friend in a restaurant; Gordon Sall discussing vegetables of the sport of kings.

**Varsity Grads Poor On English**

OTTAWA, Aug. 13.—(CP)—University graduates are being accepted by private industry in greater numbers than ever before—but they will have to polish up on their use of English.

This is the trend, and the warning, indicated in the second letter in report of the Bureau of Technical Personnel, department of labor, on its survey of professional openings in Canada, made public today.

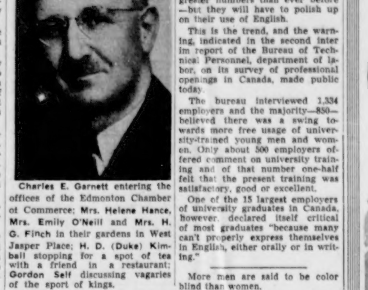

The bureau interviewed 1,334 employers and the majority—80—believed there was a swing towards more free use of university-trained young men and women. Only about 500 employers offered comment on university training and of that number one-third felt that the present training was satisfactory, good or excellent.

One of the 15 largest employers of university graduates in Canada, however, declared their critical of most graduates "because many can't properly express themselves in English, either orally or in writing."

More men are said to be color blind than women.

## Couple Married 50 Years

Above are pictured Mr. and Mrs. Arthur L. Bennett of the York district who recently celebrated their golden wedding anniversary. They were married in St. Peterburg, Russia, on July 7, 1907. To celebrate the event, a gathering was held at the couple's home and a large number of friends called to extend congratulations.

## DISTRICT NEWS IN BRIEF

### Big Sport Attractions At Rimbey Aug. 13, 14

RIMBEY, Aug. 13.—The Rimbey Agricultural Society has completed plans for two big days of sports to be held at the agricultural grounds Aug. 13 and 14.

### Married 63 Years

PORT ASSINIBOINE, Aug. 13.—On their third wedding anniversary Mr. and Mrs. Arthur L. Bennett received congratulations from more than 40 neighbors and relatives at a surprise party at their home.

The couple were married in Rockford, Illinois and moved to Canada in 1912 to the Egremont district where they farmed until 1933 when they moved to this district. They retired a few years ago.

Nine of their eleven children are living and there are 33 grandchildren and 19 great-grandchildren. Mr. and Mrs. Bennett are 83 and 82 years of age respectively and both enjoy comparatively good health.

### Vermillion Fair Directors Meet

VERMILION, Aug. 13.—Directors of the Vermillion Fair met recently to hear a report from Managing Director Heckbert on the year's activities. Mr. Heckbert related that \$2600 had been spent on permanent improvements and that attendance at the 1947 exhibition showed a substantial increase over 1946.

President N. McClellan and secretary S. C. Heckbert were appointed delegates to attend the meeting of the Western Canada Fair Association in Prince Albert.

### Kurusu's Daughter Will Wed American

TOKYO, Aug. 13.—(CP)—A daughter of Japan's "peace envoy" to Washington at the time of Pearl Harbor attack will wed a former United States army lieutenant, possibly on Thursday, anniversary of Japan's surrender. The wife of former envoy Saburo Kurusu announced yesterday her 25-year-old daughter, Yoko, would marry Frank White of Gen. MacArthur's staff.

### Refuse Spend More On Polio Research

LONDON, Aug. 13.—(Reuters)—A motion to spend more money on infantile paralysis research was rejected in the House of Commons yesterday by house leader Herbert Morrison. He argued that the government could not "squander" money on research projects which promised to lead nowhere.

### Locusts Blamed For Two Deaths

PARIS, Aug. 13.—(Reuters)—Locusts, which have been invading southern France for two weeks, caused two deaths there Tuesday. A policeman was killed and another seriously injured when the police radio car, blanketed by the insects, crashed. A motorist was killed in a similar accident.

### First Woman Regional Director

MRS. A. S. FERGUSON, of Fredericton, N. B., first woman regional director of family allowances, discussed administration of the Family Act in New Brunswick, with Hon. Paul Martin, minister of national health and welfare, in his Ottawa

## U.S. Officials Parley-Bound

By MILT DEAN HILL  
WASHINGTON, Aug. 13.—(AP)—With President Truman ready to give them a personal send-off, State Secretary Marshall and his front-office advisers leave today for Rio de Janeiro to cement western hemisphere defense.

Among those booked for the flight to Brazil in the original White House plan are the Secretaries of State, Defense, and the Army, Navy, and Air Force. The committee, and Warren R. Austin, United States delegate to the United Nations Security Council and a former Republican senator from Vermont.

Truman himself will fly to the Brazilian capital later this month or early September to address one of the final sessions of the conference called to write a formal military defense treaty for this hemisphere.

Troy L. A. secretary-general of the United Nations, left New York's La Guardia field early Wednesday aboard a Pan American World Airways clipper for Rio de Janeiro.

## Will Hold Talks On Loan Revision

LONDON, Aug. 13.—(AP)—A delegation of British foreign office and financial authorities will fly to Washington Friday for "initial talks and an exchange of views" on revision of the Anglo-American loan agreement, Treasury officials announced today.

The delegation will be led by Sir Wilfrid Eady of the treasury. Other members include Sir Edmund Hall-Patch of the foreign office, H. J. Lintott, the board of trade, Lionel Thompson, the board of trade, and P. S. Beale of the Bank of England.

WASHINGTON, Aug. 13.—(AP)—Britain, hard up for dollars, has withdrawn another \$10,000,000 from its United States credit, the treasury disclosed today.

The withdrawal leaves only \$500,000,000 remaining of the \$3,750,000,000 granted in mid-1945.

Treasury officials here, and Hugh Dalton, chancellor of the British exchequer, have estimated the entire credit will be exhausted by Oct. 1 if the present rate of withdrawal is continued.

## Young Liberals Plan Hamilton Convention

OTTAWA, Aug. 13.—(CP)—The Young Liberal Federation of Canada will hold its national convention Sept. 16 at McMaster University in Hamilton, Ont., president of the group announced yesterday.

The conference will receive reports from J. G. Crepan of Prince Albert, Sask., secretary and Alex Fisher of Vancouver, treasurer.

## Britain In Need Recruits For Army

LONDON, Aug. 13.—(Reuters)—Britain needs 4,000 recruits a month to build up her regular army to its ultimate target of about 250,000 men, War Secretary Belloc told the House of Commons yesterday.

Belloc said the target of 455,000 by the end of 1948 would be made up of regulars and conscripted men.

Bailey, DDP, Deputy No. 10 and staff installed the following new officers junior post noble grand, Eva Howard, noble grand, Norma Benedikt, vice-grand, Irene Stuart, re-secretary, Edith Sheehan, wardens, Martin Richardson, Margaret Lock, chaplain, Barbara Cunningham, Margaret, Dore, right supporter of the noble grand, Vera Bailey, left supporter of the noble grand, Myrtle Field, right supporter of vice-grand, Ida Cameron, vice-grand, Margaret, Muriel Shank, inside guard, Nina McGonigal, outside guard, Vera Foster.

## Bowden Ousted

BOWDEN, Aug. 13.—Bowden has been ousted as the second game of the league played at Red Bank at a game played on the 13th. Bowden was ousted as the second game of the league played at Red Bank at a game played on the 13th.

## Install Officers

BOWDEN, Aug. 13.—At a meeting of Helping Hand Nebeke Lodge No. 74, Mrs. Ellis

## We'll Miss This—Gladly

This fond kiss-taken of affection from Little Tyke, his 11-month-old pet dog, says George H. Westbea, of Auburn, Wash., Okay, George, you can have it.

## Season Opens—But No Grouse

LONDON, Aug. 13.—(Reuters)—The British grouse—shooting season in Scotland and northern England officially opens today but it is likely to be the least colorful of British field days with memory.

For the sport, which in peacetime brought as much as £2,000,000 (\$20,000,000) annually to Scottish landowners and their employees, is facing a crisis of its own.

There are virtually no grouse to shoot. Disease, the worst winter in living memory and destruction of the heather to produce essential war-time grazing land, has meant the near-extinction of the highly prized birds.

## Sask. Nominates Liberal Leader

KENOSHA LAKE, Sask., Aug. 13.—(CP)—W. Patterson, former Saskatchewan Liberal leader and leader of the Liberal opposition in the Legislature, was unanimously nominated to contest the Canning-Bell constituency in the next provincial election at a party nominating convention here Tuesday.

## Panhandler Had \$1,785 in Cash

BINGHAMTON, N.Y., Aug. 13.—(AP)—Linton, elderly and penniless, was found guilty of panhandling yesterday and placed on probation for two years. Police testified that Linton, about 60, had \$1,785 on his person when arrested Monday.

## The Book of Knowledge (Department: Wonder Questions)

This and the following articles taken from the Book of Knowledge and can be clipped for saving in a reference book.

## WHEN DID NEWSPAPERS BEGIN?

The newspaper's modern form is usually regarded as beginning in 1566, when the government of Venice, Italy, issued written news-sheets and exhibited them in the streets. Anyone was allowed to read them on payment of a small coin called a gazetta. On this account the newspapers were called gazettes, and they became so popular that they were printed. Soon after the date mentioned, gazettes were issued in most of the cities of Europe.

The first English newspaper was the Weekly News, published in London in 1622. But in this paper and its successors down to 1841, only foreign news was printed.

While newspapers in the modern sense are thus less than four centuries old, something corresponding to the newspaper was found in the ancient world. Accounts of the doings of the imperial armies of Rome were sent to generals in command in all parts of the empire. These were called "Daily Doings," as they were called, were communicated by the generals to their officers.

Further back still, items of general interest about kings or battles were carved in stone in prominent places in Babylonian cities. These have been found almost to be regarded as the origin of the newspaper as a record of events.

Probably the oldest newspaper in this sense is the Sumerian record, discovered in 1880 in the rocky adobe of the Pool of Babylon at the southeast of the city. The characters are

Heading of a 19th century London newspaper devoted to the affairs of Parliament. While newspapers in the modern sense are less than 400 years old, various news records date back to ancient times.

day of the boring the hewers struck each to meet his fellow, pickax, to pickax, and the water ran from the source to the pool, two hundred and a thousand cubits. And a hundred cubits was the height of the rock above the heads of the hewers.

Just such a paragraph might announce the coming of the cutting of a new tunnel through the Rockies for instance.

"Crow Files?" "As the 'crow files' means as straight as possible for the crow files straight to its destination. To say that two places are 20 miles apart as the crow flies, means that it may be a much longer distance by road or river, it is only 20 miles in a straight line. "In a hole" means the same thing, for a hole, when laid with honey, goes straight to the hive.

## Northern Crop Prospects Good

### Good Report

The crop outlook in all northern areas covered by the Northern Alberta Railway looks "very good," J. M. MacArthur, general manager, said in an interview Wednesday morning. The northern area should be a "bright spot" in the crop picture, he said, and certainly some sections of Saskatchewan.

According to figures issued by MacArthur this morning, crop prospects in the northern area of Alberta are excellent. The crop of wheat for the year ended July 31 last, amounted to 12 and one-half million tons. This is almost four million tons more than the previous high record, he said.

This year's figures are made up of 12 and one-half million bushels of wheat, and 10 and three-quarter million tons of other grains, mostly oats. Crop movement, over the last year totalled 18 and one-quarter million bushels.

Individual station movements over the rail for this crop year in tons were Dawson Creek, 14,000; Grande Prairie, 14,000; and one-third million, Sixsmith, 14,000. Grains, 14,000; and one-third million, Sixsmith, 14,000. Grains, 14,000; and one-third million, Sixsmith, 14,000.

Movement from stations on the Watrous line were: Boyle, 641; and one-third million, Sixsmith, 14,000.

## U.S. Visitor Wins City Safety Award

A visitor from south of the border on Wednesday was declared safety driver of the day and winner of 10 gallons of gasoline awarded by the Edmonton Safety Council.

For Prestil, resident of Portland, Ore., was driving his "safety car" along 101 street from 101st and 102nd streets, and down to 103rd street, where he parked his car in front of the residence of his cousin Ted Gray, at 101st and 102nd.

"Mr. Prestil was a very cautious driver, never exceeding the speed limit, and indicated the many turns he made. Whenever he slowed down his hand always indicated his intentions."

Prior to parking his car, he took the "safety car" for a "safety ride," the reason being that he was lost for a short time and was unable to find the right street.

Mr. Prestil, his wife, and his three sisters are travelling through Canada visiting relatives. "Canada is a wonderful country," he stated. "Thank you, the president I have ever seen."

He thinks the road from Radisson to here is very rough, but he said that condition of roads in Alberta are not too bad. So far, the visitors have had four days of good weather and expect to spend two more weeks before they return to their home in Portland.

Mr. Prestil is a single manufacturer by trade. He has been in the same job for 42 years.

A car bearing license number K2-1000 was parked at the intersection of 101st and 102nd streets and was dropped at 103rd street and was driven to the driver passed a truck on the wrong side and also failed to signal.

Two other cars followed were soon dropped. They also failed to indicate turns.

## Oil Interest Is Continuing

Continental interest which has been focused on Alberta through the discovery of oil in the Edmonton city limits, Wednesday received another boost when the Alberta Oil & Gas Board announced that it had approved a lease for the Edmonton city limits.

The lease, which was approved by the board, was for a period of 10 years, and was for the purpose of exploring for oil in the Edmonton city limits.

The lease was approved by the board, which is the governing body for the oil industry in Alberta. The board is composed of representatives from the oil industry and the government.

Queen for a year, 15-year-old Margaret Marshall, shown here, won title of Miss Toronto of 1947 at the annual Toronto Police A.A.A. games recently.

## Refuses to Sign Murder Admission

DETROIT, Aug. 13.—(AP)—Officers yesterday quoted powerfully-built, middle-aged Harry Treaski as saying "I lost my mind" while quarrelling with his sun-bathing bride of 11 days a few hours before her severed torso was found Sunday in an alley trashcan.

"She was a gorgeous woman," Treaski was quoted as saying.

However, after continuous questioning by detectives, Treaski stubbornly refused to sign a formal statement.

"Whenever we showed him photographs of his wife's severed body," police said, "he'd keep saying to us: 'That tells more of a story than I can; you have your whole story there.'"

Monday night officers said the 30-year-old Treaski, a native of France, told detectives he had quarrelled with his wife because of her alleged attentions with his money, to other men.

Police said Treaski related that Saturday he threatened to cut her hair off because of her unfaithfulness, according to a French custom, and when she objected Treaski admitted striking her with his hand. After that Treaski declared everything "went black."

## Railroad Blocked By Derailment

ELIZABETH, N. J., Aug. 13.—(AP)—The Pennsylvania railroad was blocked here early today by the derailment of a freight train which sent coal cars sprawling over the four mainline tracks.

Elizabeth police said the derailment probably would block traffic most of the morning and would delay thousands of commuters headed to Manhattan as well as mainline trains to and from New York.

## Boston Red Sox Acquire Pitcher

BOSTON, Aug. 13.—(AP)—Boston Red Sox Monday acquired southpaw pitcher Edgar Smith from Chicago White Sox at the winter price.

The 33-year-old flinger has been with the White Sox since 1939, except for a two-year hitch with the army during 1944 and 1945.

He appeared in 33 games this season, mostly in relief roles, and has a record so far of 1-3.

## More Bullion

TORONTO, Aug. 13.—(CP)—Bullion produced by Ontario gold mines in the last six months of 1947 showed a substantial increase over output in the similar period of 1946, the Ontario department of mines reported today.

## ...And Then There Were None

Harold was just an old sheep-counter. Every night, before he got to sleep, he counted thousands of sheep...

Then one day an Experienced Friend suggested maybe it was the caffeine in the Tea and Coffee he drank that kept the sheep jumping over the fence...

So Harold STOPPED tea and coffee, and changed to POSTUM.

And right away he only got a few hundred sheep over the fence before sleep overcame him.

And in a few nights only a "dozen"...

And then there were none!

Many people can safely drink tea and coffee, but others are upset by the caffeine these beverages contain. If you find yourself sleepless, nervous, irritable—try changing to Postum. You'll like its rich, hearty-tasting flavor. It's like tea, not like coffee, just a great flavor all its own.

Easy to fix—make Postum right in the cup just by adding boiling water or hot milk. Costs less than 1¢ a serving.

## "Face" Enters Question

# Future of Hirohito Causes Speculation

By Frank White

TOKYO, Aug. 13.—(AP)—Approach of the time of writing a Japanese peace treaty has aroused new speculation in both Allied and Japanese circles on the future status of Emperor Hirohito.

SOME ALLIED sources estimate unofficially that the quiet little emperor has been worth 1,000,000 occupation troops in maintaining order since the surrender.

On the surface he seems set to continue as monarch with his absolute powers stripped away by the constitution and then as Emperor, for nearly 26 years.

There is nevertheless a renewal of talk that, after a peace treaty is signed, he might step down in favor of Crown Prince Akihito, who now is 13. All this is speculation, of course. Hirohito himself has given no indication that he is even thinking of retiring.

THOSE WHO consider the subject say that "face" and a Japanese sense of the fitness of things might call for the retirement of Hirohito, who at 46 has ruled, first as prince regent and then as Emperor, for nearly 26 years.

For the Allies, seeking to stabilize peace, there is the question what sort of impression will be made upon the Japanese by leaving as symbolic head of the state a man who was in power when his subjects over-ran a quarter of the globe.

HIROHITO might consider his own "face" affected because Japan was defeated under his rule, because he has been born of personal power, and because he has been the organ for carrying out Allied occupation directives.

Paraguay Rebels Flee Asuncion

BUENOS AIRES, Aug. 12.—(AP)—An official Paraguayan source here said rebel forces were fleeing from their positions around Asuncion today after suffering a sharp defeat at the hands of loyal Paraguayan troops in the latest action of a five-month old civil war.

This informant said the rebels were "frenziedly pursuing the retreating insurgents in the direction of Piquete, Cue and Villita, where the capital is located." An earlier official announcement last night said a loyalist relief column—rescued down from the north, where rebel capital of Concepcion was captured on July 31—had reached a point only 12 miles from Asuncion.

The official source here said the message he received from the retreating insurgents in the direction of Piquete, Cue and Villita, where the capital is located, was that the rebels had reached a point only 12 miles from Asuncion.

Indonesian Bid Causes U.N. Split

LAKE SUCCESS, N.Y., Aug. 13.—(AP)—Over vigorous opposition from Britain, France and the Netherlands, the United Nations Security Council late Tuesday invited Indonesian representatives to take part in its discussions of the Dutch-Indonesian conflict. The vote was 8 to 3.

Susan Sjahir, former premier of the Indonesian Republic who had sat in the speakers' section during the long debate, was invited to the council table immediately. He was accompanied by Indonesian Foreign Minister Hadji Agus Salim.

The three delegates who voted against the invitation were Britain, France and Belgium. The Netherlands, although leading the opposition, is not a member of the council.

## France Recovering Declares Vanier

QUEBEC, Aug. 13.—(AP)—Amid ruin and devastation, France is recovering but she requires, as the other nations of Europe our help, the help of all countries which have suffered less," Gen. G. P. Vanier, DSO, Canadian ambassador to France, said today on his return to the Dominion with his wife and family for a visit.

The distinguished Canadian soldier and diplomat was one of 682 passengers arriving in the Canadian Pacific Empress of Canada's second post-war voyage from Liverpool to Quebec and Montreal.

Other notable passengers on the 3,000-ton luxury liner included the Rt. Hon. Sir Norman Birkett, distinguished British jurist, "Face," G. S. Tynedale, acting chief justice of the superior court of Quebec, and chancellor of McGill University, Dr. F. G. James, principal of McGill, Dr. R. C. Wallace, M.A., DSO, principal of Queens University, and Dr. N. A. Macdonell, CMG, principal of the University of British Columbia.

## Polio Victims Now Total 450

By THE CANADIAN PRESS

Polyomyelitis, although still lagging behind last year's epidemic toll, was nevertheless on the increase in Canada today with a Canadian Press survey showing approximately 450 persons under treatment for the disease. Of that figure more than 350 cases were concentrated in the three hardest-hit provinces—Manitoba, British Columbia and Ontario.

Seventeen cases, the largest number recorded in any one day in Manitoba, brought the total there to 147 for the year. All latest victims were in the greater Winnipeg area and six of those stricken were over 21.

British Columbia's rising count stood at 126 with three deaths as the possibility loomed that Vancouver schools might be forced to remain closed if the outbreak becomes more serious.

Yancouver, hardest hit city in Canada, has 94 cases this year, two of them fatal. The province's worst cases were reported around a problem and General Hospital officials said if the epidemic continued for more than two weeks of deadlock with management over wage negotiations, they were joined by night workers as they came off shift.

The union, a CIO affiliate, rejected a company offer of a seven per cent wage boost July 28.

Workers Picket South Plant

MEDICINE HAT, Alta., Aug. 13.—(CP)—Medalta Pottery, Ltd., workers were maintaining picket lines today with about half of them women as the walkout of 250 employees went into its second day.

The day staff yesterday failed to report for work in what was said an unauthorized strike after two weeks of deadlock with management over wage negotiations.

Expect Freight Probe to Adjourn

By PHILIP LEE

OTTAWA, Aug. 13.—Now in its 10th day of sifting it appeared a certain that the national freight inquiry here will adjourn tonight until the end of September.

First indication of adjournment came at the close of this morning's sitting when C. F. H. Carson, C.P.R. counsel, appealed to the Board of Transport Commissioners for Canada for additional time for the railways to consolidate their position before having to submit rebuttal evidence.

Mr. Carson's move came as a surprise as all along it was taken for granted that when the provinces had finally submitted their evidence of opposition to the Canadian railways' proposed 30 per cent freight rate increase that the railway would proceed with rebuttal.

Mr. Carson explained that at an informal meeting with counsel for the provinces on July 15 it was thought that the provinces would have completed their evidence of opposition to the Canadian railways' proposed 30 per cent freight rate increase that the railway would proceed with rebuttal.

## Cool Work, if You Can Get It

John LeFebvre, of Bridgeport, Conn., has a nice summer job. He checks stock in the rigid hardening room of an ice cream factory. With the temperature frequently 20 below zero, he uses an electrically heated blanket to keep warm.

## Hitch Hike 4,000 Miles in 62 Days

From east to west coast by hitch-hiking is the record of the Smiley family of Dartmouth, N.S., shown in Vancouver. They made 4,000 miles in 62 days, walked only 300 miles. Two of the four children are aged four and 11.

## Workers Picket South Plant

MEDICINE HAT, Alta., Aug. 13.—(CP)—Medalta Pottery, Ltd., workers were maintaining picket lines today with about half of them women as the walkout of 250 employees went into its second day.

A Nice Tenant While He Lasted

OMAHA, Aug. 13.—(AP)—It was a nice tenant while he lasted, Mrs. Victor Julian told police.

The "nice and neatly dressed" man took the room in the morning. During the forenoon he washed, chatted with his landlady and rested. At noon he went out to eat, but not before asking Mrs. Julian if he could bring her some cream.

He hasn't been seen since, the landlady complained. And neither have two wrist watches, a platinum ring and \$37 belonging to her other tenants.

When tobacco was first introduced into Europe it often was sold as a cure-all medicine.

## Shipping Firms Ban Communists

MONTREAL, Aug. 13.—(CP)—Three steamship companies involved in a dispute with the Canadian Seamen's Union have agreed to board their ships "No Communists or Communist agents."

The companies involved are Canada Steamship Lines, Sarnia and Colonial Steamship Lines. In telegrams sent Mr. Brockington made public here today, they said the question of issuing passes to board their ships is the only matter in dispute.

A spokesman for the companies said Mr. Brockington had requested no public statement be made until his report on negotiations had been dealt with. However, the spokesman added, it was felt the public was in danger of being misled and confused as to what was the only issue in the dispute and consequently the companies were making the telegrams public.

## Even in Depression Says CPR Always Had Net Corporate Income

By Philip Lee

OTTAWA, Ont., Aug. 13.—Even in the worst years of the depression the Canadian Pacific Railway had not failed to show a net corporate income, Col. George S. Currie, witness at the Maritime provinces, told the transport board at the national freight inquiry here Tuesday. Col. Currie's statement was the result of the cross-examination of C. F. H. Carson, counsel for the CPR.

THE STATEMENT followed a question by Mr. Carson who asked the meaning behind one of the financial exhibits produced by the witness, Col. Currie replied that he had been asked to show up a statement to show the financial standing of the CPR and whether or not the company was in a sound position.

His research, Col. Currie continued, showed that the company had weathered the "storm of 1937 and throughout had never failed to show a net corporate income. Therefore, in the light of this, he could not see how the company could consider itself to be in a poor financial shape in 1946.

Mr. Carson then asked Col. Currie if he knew that for 11 years through times of depression the CPR had been unable to pay their shareholders dividends. "Those were hard times for the CPR," said Mr. Carson, "but the dividends had not been paid to the shareholders."

"THEY WERE BAD TIMES for everybody," Col. Currie replied. Referring to the shareholders' equity of \$238,094,000, as shown on witness' exhibit, Mr. Carson asked if witness would agree that any change in the company's financial standing would be reflected in shareholders' equity. Col. Currie indicated that it would. (Shareholders' equity is what remains from total assets after liabilities and funded debt have been subtracted and several the monetary interest the shareholders have in the company.)

Mr. Carson then proceeded to allege that the witness' 1931 figure of \$880,435,000 was incorrect and should be reduced by \$33,981,900. This last figure represents premium on capital stock and depreciation stocks, which the statement admits should be deductible in 1942 to adjust net discounts of early issues of stock. Mr. Carson also alleged that the 1946 equity was too high and said it should also be reduced on the basis that a portion of the dividends had not been paid to the shareholders.

## Fresh Tomatoes

CHATHAM, Ont., Aug. 13.—(CP)—Here's a sample of what can happen when you leave your garden to a month for a month. James Ross of Tilbury, returned to find tomatoes sprouting on a potato vine in her vegetable beds. The fresh tomatoes are about the size of walnuts.

## Afraid of Thunder

PHILADELPHIA, Aug. 13.—(AP)—Two-year-old Nancy Pollock, whose mother said she was deathly afraid of "yags" (thunder) that sounded like thunder, collapsed and died in her crib last night as a drum and bugle band practiced nearby, police reported.

WHEN you appoint this trust company your executor, you ensure the efficient carrying out of your Will in the future. You also establish a connection that can be of immediate value by helping to keep you in touch with those developments in the estate field which may render a will obsolete.

## Couples Happy But Lack Something

Dear Miss Dix: I am one of the married women with a fine home, hand and children she loves, with a good home that she has no intention of breaking up, but who can't get another man off her mind.

And there are a good many of us. We have all the bread we can eat, but we want love, we want a man who is not just a husband, but a man who is a friend, a man who is a companion, a man who is a lover, a man who is a man.

We try very hard not to let our husbands and children know that we are not perfectly satisfied, and we do our duty and make good homes for them, but when we think of romance it is the other man. NOW IF A WOMAN can keep her head and be friends with a man like that, is it wrong to do so? Or should a person like that be entirely put out of one's life just because one is married? I am not speaking of mere physical attraction, but the attraction of mental qualities, the finer things of life, the things that make a man a man, and who would never slip into indifference.

A GOOD WIFE. Answer: There are few tragedies in life greater than that of the man and woman whose mates give them their all, but whose all is not enough, and who go through life staring at the things of the world when their eyes are turned to the things of the heart. Yet there are good, these dull, commonplace John and Maria Johns, who are faithful, tender and kind. He works so hard and feels that he makes her so happy when he gives her his laurels. Maria is such a good wife, such a marvelous housekeeper, such a devoted wife and mother, so cheerful and uncomplaining, so anxious to please John in every way. And neither one

that always there is the achilles' heel for companionship, the loneliness of those who must walk apart with no hand to clasp their own. Always there is this longing for the romance they can never feel. Surely not the least among the miseries of these men and women who endure these loveless marriages without even a hint towards the greener fields, and who pretend a happiness they never feel.

Whether this woman who has this longing for romance should keep it buried in a secret garden in her heart, or whether she should cast the thoughts out of her mind and throw ashes upon them, depends upon her temperament. Personally, I think she is safest and happiest if she accepts her husband "as is" and enjoys the fillet mignon he provides for her instead of yearning after caviar.

Dear Miss Dix: I have been going with a man for six years, but no date has been set for the wedding. He is selfish, self-centered and tied tightly to his mother's apron strings. He does not like to spend money on me and waste me to work after I am married. Do you advise to give him up, or marry him?

SUSIE. Answer: Give him up as quickly as you can. If you marry that kind of a man, you will be nothing but a hard-driven slave as long as you live, and you will not even get a kind word from him. The man is showing you exactly what sort of a husband he will make, so you will have nobody but yourself to blame for unhappiness if you marry him.

CANT YOU REALIZE how much better off you are with your job, your own money and personal liberty than you would be with such a domestic tyrant? Don't think you will love him enough to overlook his faults. No love survives the treatment that such a husband gives his wife. Listen, Susie, it is your Guardian Angel speaking, warning you not to marry this boy. Lend an ear to it.

## Why Grow Old?

Address Jane Wyman and her young daughter, Maureen Elizabeth, do a mother-daughter act for us. Having a family has not penalized Jane Wyman's attractiveness, and it hasn't yours.

By Josephine Lowman. Another Maureen winner's letter, which I hope, will spur thousands of young mothers on to doing something about that weight they gained when they had the baby!

"Dear Mrs. Lowman: You will never know how much good your eight weeks course of diet and exercise did me! Since my 21st year old daughter came, I had been so puny and fat looking, especially through the waist and abdomen. My eight weeks are up and I would do anything to make the other unhappy.

that always there is the achilles' heel for companionship, the loneliness of those who must walk apart with no hand to clasp their own. Always there is this longing for the romance they can never feel. Surely not the least among the miseries of these men and women who endure these loveless marriages without even a hint towards the greener fields, and who pretend a happiness they never feel.

## Your Baby and Mine

By Myrtle Mayer Eldred. When there are a number of persons in the home to look at, it is to amuse the baby. It is the play for him to become independent of such assistance. The child plays but some adult is a part of each play and to entertain himself becomes almost impossible.

"But when I am alone and can't keep an eye on him, and he gets into everything—like in the bathroom and he cries so long and loud that I am afraid he will ruin his vocal chords."

"So now, I go to him when he cries but he is spoiled and I would like to know if before it gets too bad, he is 13 months old."

You can taper off the attention gradually without making him cry in the situation. When you must be in some other part of the house, put his playthings where you can see them and watch the baby. You often find a pen is stuck into the corner of a room where all the child can see are blank walls.

When he cries go up to him, but do not talk or play with him, just let him feel your presence. Walk away again, and come back at intervals whether he cries or not. If a child feels confidence that you are near, he is less likely to cry than if he feels alone and abandoned. If you sit in another room he will know that you are there and be content.

None of this is constant behavior, so don't worry that because he is a little spoiled now this is bound to be his disposition later. New parents suspect from his need for your presence, I wouldn't allow him to cry himself exhausted just to discipline him. Myrtle Mayer Eldred's letter is No. 41, "Teaching Independence."

Rule Trade Union Liable To Trial. VICTORIA, Aug. 13.—(CP)—An appeal court of British Columbia yesterday dismissed the appeal of Mrs. Elsie Patterson, president of the Nanaimo Dry Cleaning and Laundry Workers Union, Local 1, from a decision of Mr. Justice A. D. McKeenies holding the union liable to prosecution under B.C.'s new Industrial Conciliation and Arbitration Act. It was expected that the case against the union, charged with illegally calling a strike, would proceed to trial before Magistrate Lionel Bervin-Potts.

R. J. McMaster, Mrs. Patterson's counsel, contended that the union, as such, had no legal personality, while Frank S. Cunliffe, counsel for the Crown, maintained the trade union, being a certified bargaining agency was a "juridic personality."

At the tables where East played the game of clubs instead of the ace of clubs, he was led from the game by East's hesitation was a diamond ruff and set the contract. Of course, they caught their partner's queen, and West did not have the ace of diamonds. So the contract was made.

Should East have played the ace of clubs at trick two? Undoubtedly a player would need a few seconds to decide this question, after the small club was led from dummy.

that he held the ace of clubs. Therefore, declarer went up to the king and dropped West's queen. Then he proceeded to trump out his losing diamond, letting East cash the ace of clubs whenever he wanted to.

Of course, looking at all four hands, we would say that East should have played the deuce of clubs quickly at trick two and declarer should have taken the finesse. But then he would go as he would have lost two clubs and a diamond.

William James Clark, who was old man of Mr. and Mrs. J. H. Clark 1733, was a diamond.

may be had by sending a stamped, self-addressed envelope with your request to Myrtle Mayer Eldred, care of The Edmonton Bulletin.

Bridge. By William E. McKeenies. Looking at all four hands and actually placing a hand are two very different matters. Here is a hand that I watched at several tables in a recent duplicate game.

Most of the North-South pairs got to two clubs. They all made it. Although it was defended in two different ways.

The opening heart lead was won in dummy with the ace and a small club was led. Some East players decided that West had to have the ace of diamonds to justify the double of five clubs.

Therefore, they went up with the ace of clubs on trick two in order to lead back the singleton deuce of diamonds, hoping to get

Later, thanks to a diamond ruff and set the contract. Of course, they caught their partner's queen, and West did not have the ace of diamonds. So the contract was made.

## SOCIAL and PERSONAL

Mrs. S. Menear and Miss Audrey Menear have returned to their home in Edmonton after a visit in Victoria and Vancouver.

Mr. and Mrs. G. W. Crabb have returned from Fort McMurray, B.C. where they were guests of their son-in-law and daughter, Mr. and Mrs. J. J. Brown.

Mrs. Anne Campbell of Toronto, former editor of Magazine Digest and an author, is visiting in Edmonton, guest of the Macdonald hotel. She is here writing the story of the Saskatchewan River for a book on Canadian rivers.

Members of the Royal Society of St. George will hold a bingo party after their regular meeting in the IOOF hall, 160 street, Wednesday at 8 p.m. Proceeds will be used for parcels for Britain.

Members of the Western Bow Lodge, LONA, No. 125, will hold a social drive in the ballroom of the Hudson's Bay Company Tuesday at 2:30 p.m. Mrs. John Murray is in charge of the arrangements. Refreshments will be served later to the members and their friends. The first regular meeting will be held in the IOOF hall, Wednesday, Aug. 20 at 8 p.m. Mrs. G. Parker is in charge of the arrangements.

Mr. and Mrs. W. A. Kirkwood, of London, Ont., arrived in the city this week and are the guests of the Macdonald hotel.

Mr. and Mrs. Percy Howatt of Elmworth announced the engagement Wednesday of their second daughter, Opal Myrtle to Edward Weir (Dick), youngest son of the Rev. Dr. J. F. Woodworth and Mrs. Woodworth of Edmonton. The wedding will take place Friday with Dr. Woodworth officiating.

Mr. and Mrs. Frank Wandier have returned from a honeymoon at Sylvan Lake and have taken up residence at 1087 9th street. Mrs. Wandier is the former Miss Cynthia Atkin, daughter of Mr. and Mrs. Robert Atkin, of Edmonton.

Mr. and Mrs. Thomas Walter Wilson returned Tuesday evening from a honeymoon trip at Waterton Lakes and Glacier National Park and have taken up residence at Suite 4, Shagbush apartments. Mrs. Wilson is the former Miss Jean Fryer, daughter of Mr. and Mrs. James H. Fryer, of Garsden.

## Visitor from Bahrein Island Admires City Flowers

Mrs. Mildred Kemp, of Bahrein Island, flower girl at the wedding of the Princess Elizabeth and Prince Philip, Duke of Edinburgh, is shown in the foreground. The bride is in the background.

Visitor from Bahrein Island Had Pleasure  
Of Trying-ON Pearls for Princess Elizabeth

BY KAY FORD

Trying on the set of pearl jewelry which will be a wedding gift to Princess Elizabeth was the experience of Mrs. Mildred Kemp of Bahrein Island, off the coast of Arabia in the Persian Gulf, who is a visitor in Edmonton.

Pearling is the main industry of the island, and Sheikh Sultan, ruler of the 100,000 Arabs on the island, which is under British protection, will send the gifts of pearls for the royal wedding in November. The Sheikh, a personal friend of the Kemps, asked Mrs. Kemp to try on the jewelry.

Mrs. Kemp and her 12-year-old son, Edward, joined Mr. Kemp, an official of the Bahrein Petroleum Company, on the island two years ago. They sailed from New York to the Grimsby, a 10-mile in the Mediterranean Sea and were held up in Naples for five days. They were not allowed to leave the boat. From Naples they were taken by troop ship to Port Said, then to Cairo by train and by "buckit seat" to Bahrein. A houseboat she explained is an army of the island.

There are 1,000 white people in the oil camp. They have Persian and Arab servants. The 500 houses in the camp are furnished with imported American furniture but have beautiful Persian rugs for floor covering. New houses are being built of prefabricated material from Sweden. There is a camp hospital, and a

school, with four English teachers for the 50 children.

The natives on the island live on fish and dates, and import rice. But the company employs have their own commissary and can and frozen foods, imported from the United States, Australia and South Africa.

The company has built a five-story club, designed in a horseshoe shape, which has within its walls a swimming pool, tennis courts, a bar, billiard tables and a dance floor.

Boys' and girls' and sweet jammies are planted around the club house and as one darts the perfume of the flowers fills the air. The island she boasts a fine salt coffee.

MRS. KEMP is fond of playing bridge and when asked how the company wives put in their time she gave the following as a typical day. They rise at 6 a.m. and have breakfast. Mr. Kemp arrives at the office at 8 a.m. Mrs. Kemp looks after her shopping list for the commissary, sends the family clothes and then it is lunch time. They rest after lunch, play bridge or go to the club. Mr. Kemp returns from the office at 4 p.m. when the family have a rest. They call at 7 p.m. when they receive callers or go calling. Dinner is served at 7 p.m. after which the family retires as they arise early after a visit with Mr. Kemp's

she wears

THE CLINIC SHOE

for Young Women in White

She'll love this frock with hip pockets like big sister's! A simple dress in perfect taste. Pattern 520 is a wonderful background for frock buttons. She can sew this herself!

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions. Pattern 520 comes in Girls sizes 6, 8, 10, 12, 14. Size 10 takes 2 1/4 yards.

Send TWENTY-FIVE CENTS (25c) in coin (stamps cannot be accepted). Print plainly name, address, street, city, state, and zip.

Beatrice Louise Williams  
Wed in Ceremony at Home

CALGARY, Aug. 13.—A wedding ceremony at the bride's home, 518 2nd avenue, Monday at 11 a.m. Miss Beatrice Louise Williams, daughter of the late Mr. and Mrs. W. F. Williams of Edmonton, became the bride of George Francis Williams, son of Mr. and Mrs. Oliver Williams of Edmonton. The Rev. J. B. Brown performed the ceremony, and Mrs. Nellie Williams, sister of the bride, placed the wedding veil.

After marriage by her brother, Arthur Williams, the bride wore a belle classic dress fashioned with lace insertions, and a long train of pink tulle and small white carnations. Her only jewelry was three strands of house-colored pearls.

Miss Catherine Williams, sister of the bride, acted as bridesmaid. J. Stand was best man.

At a reception, following the ceremony, the bridegroom's family received with the wedding party. Mrs. Williams chose a pastel suit, cream dress, black hat and carriage of red roses.

Mrs. H. L. Nicholson, Mrs. J. P. M. G. Campbell and the Misses Margaret McLagan and Marjorie McLagan assisted at the ceremony.

step-father and mother, Mr. and Mrs. Edward A. Brown at St. Mary's, and with Mrs. Kemp's mother, Mrs. J. B. Kemp, at the home of the bride.

The family will return to Bahrein in October.

McCarthy-Huff  
Vows Marked

Summer flowers bunched the altar of St. Alphonsus Church for the recent wedding of Miss Helen Mary Huff, granddaughter of Mr. and Mrs. William Huff and daughter of Anthony McCarthy, son of Mr. and Mrs. D. J. McCarthy, all of Edmonton. The Rev. Father John Lockwood performed the ceremony.

The bride, who was given in marriage by her brother, Leonard Huff, wore a (pink) gown of white satin and net, fastening a full red net and satin bodice fastened with ivory buttons. She carried a bouquet of red roses. Her only jewelry was a gold cross, gift of the bridegroom.

Miss Anne Leifer, attending the bride as bridesmaid, John McCarthy, brother of the bridegroom, was best man.

At a reception, at the home of the bride's grandparents, 1204 43rd street, the bride's grandmother, Mrs. J. B. McCarthy, presided.

## WALK-RITE FUR SALE

AT NO OTHER TIME OF THE YEAR

is the Selection so choice are the Prices so low

SAVE 10% OR MORE

NOW ON YOUR FUR COAT

This is the most complete selection we'll have all year. Naturally, this is the best time to choose your fur coat. The most significant of the new selections are here. Longer lengths - - - elegant sleeves with snug cuffs - - - young looking collars - - - dramatic flares - - - sunburst backs. Workmanship in tops, because there were made during the industry's "unhappy" summer months. Prices are much lower because pelts were bought when the market had hit the lowest price of the year. Selection is fresh, not picked over, truly exciting!

## U.S. Orders Probe High Living Cost

WASHINGTON, Aug. 13 (AP).—A glove-off investigation to find out whether "conspiracies" are responsible for high prices of food, clothing and shelter in the United States was ordered Tuesday by Attorney-General Clark, with jail threatened for monopolists. Spokesman for those industries said in New York that their respective companies are unembarrassed that they welcome the rooting out of evils elsewhere. There were denials of conspiracies and a tendency to blame price troubles on suppliers and higher wages for labor and raw materials, plus world shortages.

Irish moss found in the waters off the North Atlantic coast is used in puddings, medicines, cosmetics and lotions.
